

Community Outreach

Help us reach the families who need CHEW most. Many in our community don't know that affordable, high-quality veterinary care is within reach—and this role is all about changing that. As a Community Outreach Volunteer, you'll help connect under-resourced pet owners with the support, services, and dignity they deserve.

Responsibilities include:

Sharing information about CHEW's low-cost services and Compassion Fund in neighborhoods and public spaces

Partnering with other community organizations to expand each other's reach and impact

Educating families on the importance of preventative care and early treatment

Identifying and participating in local events that serve under-resourced populations

Helping families access our HOPE Room (Helping Owners with Pet Essentials), offering food, supplies, and basic care items

Building trust by listening, offering support, and helping pet owners navigate care options at CHEW

Be part of something life-changing. Help build a lifeline for families and the pets they love ❤️
